

OMS EXCLUSIVELY

To all the Surgeons and other Professionals I have had the opportunity to work with:

It seems like yesterday. I started OMS Exclusively in 2006 and it has been a very rewarding and humbling journey. As the wife of an Oral Surgery Resident, I knew personally the challenges our young surgeons face coming out of residency and the hopes and dreams they have. I have personally and professionally lived the day to day challenges Surgeons in practice face as they grow their practice, face health crises or head into retirement. My hopes were always to make a difference in the lives of Oral Surgeons nationally and to help them fulfill all of their hopes and dreams, even the dream of retiring. It has been my pleasure to help all of you along your journeys and for this I thank you for the opportunity. It is now time for me to step aside and pass my business on to allow it to grow to the next level of success. I am pleased to announce that Larry Jacobson is the new CEO of OMS Exclusively. I am highly confident Larry will provide Surgeons and others that work with OMS Exclusively the highly personalized recruiting and practice sale consulting that it currently offers. I want to personally thank everyone for their support and friendships over the years and truly wish you the best. I am pleased to introduce you to Dr. Larry Jacobson.

LARRY JACOBSON, President

Dr. Jacobson has almost 35 years of experience in representing business owners, including owners of professional practices, in the purchase and sale of their businesses. As a former senior partner in a large Chicago law firm and as a licensed certified public accountant, he has vast real life experience in deal structuring, particularly as it relates to the business, tax and very personal issues that face buyers and sellers of oral surgery practices. Dr. Jacobson, who obtained his doctorate in leadership from Creighton University, also was Board Chair of a private school in Chicago for five years, and in that capacity honed his recruitment skills. He was also heavily involved in recruitment activities at his old law firm and understands the process needed to match high quality talent with the right professional service firm. Dr. Jacobson is deeply committed to your career and will apply his vast transition services background to meet your specific needs. He lives in Chicago with his wife of 38 years, who is a dedicated and empathetic health care professional.

As I pass the baton to Dr. Jacobson, I want to end by saying it has been an honor and privilege working with you.

Warm regards,

Marla Spriggs
